

Leadership in a Changing Environment

3-Part Training Series

This practical program with skills easily transferable back to the job encourages leadership best practises and is for anyone in a supervisory or management role, a team lead or technical lead role as well as people who are moving into these positions.

In order to achieve results and accomplish goals it is critical to gain the commitment and cooperation of others. Through this interactive three-day workshop you will learn how to adapt your leadership style to meet the needs of your employees in an ever-changing work world and create an environment that encourages productivity, builds job satisfaction and high morale.

Price

\$300.00 plus GST
